

CONTINENTAL
MARK VI

1981

LINCOLN

Continental Mark VI for 1981... a remarkable merging of aesthetics and engineering.

Design originality has always been part of the Mark legend. Through the years, strong styling statements have been accompanied by high, sophisticated levels of technology, too.

Standard on every Mark VI, for example, is the marvel of electronic instrumentation - an Instrument Panel and Message Centre - providing instant answers to driver inquiries and creating a new rapport between man and machine.

Discover Mark VI for 1981 - from the elegance of the Signature Series to the high fashion of the Marks of the designers.

The Continental Mark VI Signature Series. The ultimate expression of Mark Luxury.

Available in both four-door and two-door, the Signature Series represents the most generous offering of standard features among the Marks. These include such conveniences as Keyless Entry System, speed control, tilt steering wheel, illuminated visor vanity mirrors, six-speaker Premium Sound System, power remote-control mirrors and wire-spoke aluminum-rim wheels.

The Signature Series comes in either Dark Red Metallic or Silver Metallic with colour-keyed landau roof.

The 1981 Continental Mark VI Signature Series four-door in Dark Red Metallic.

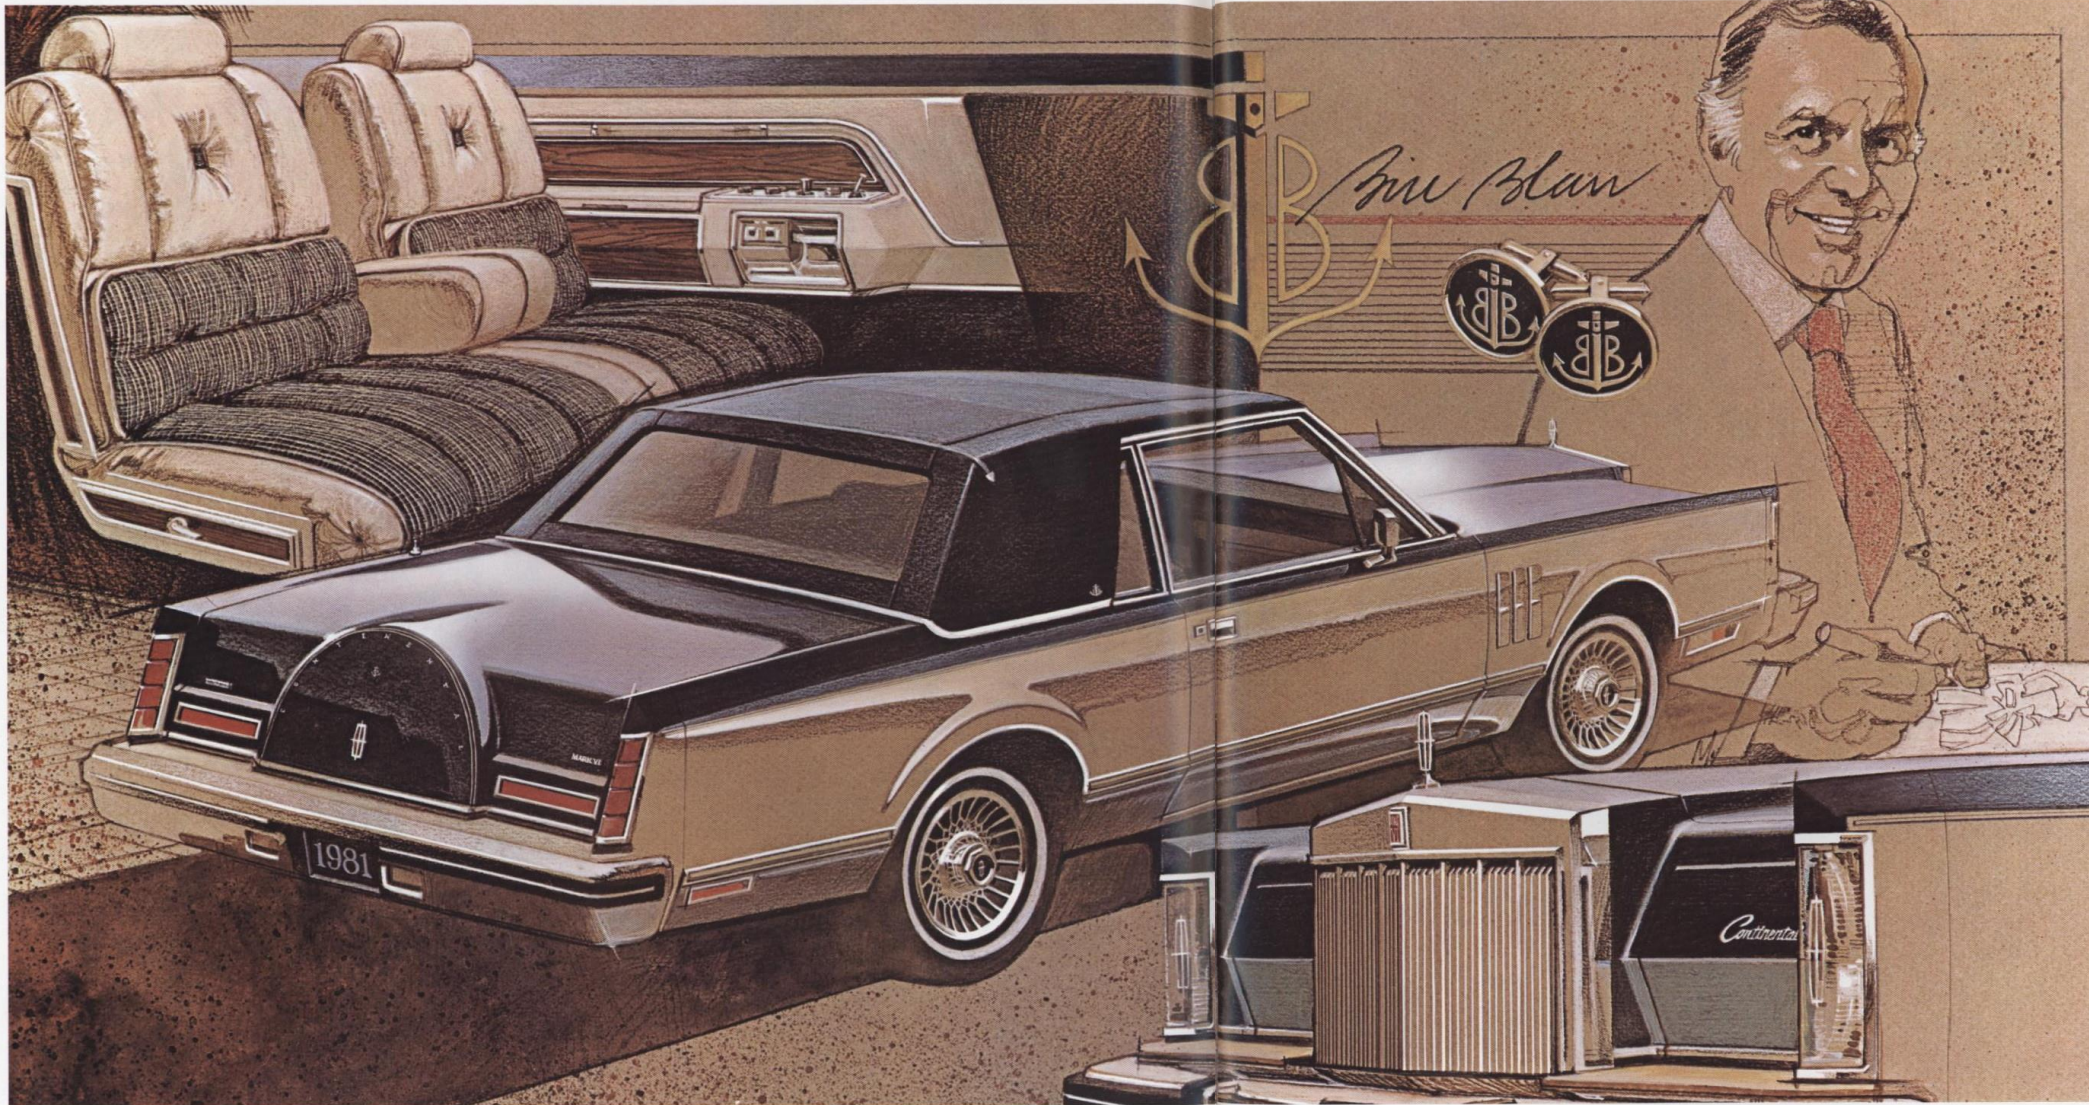

**The Signature Series two-door.
High style, highly personal.**

Here are all the standard comforts and convenience of the Signature Series personalized into a two-door. Your private space is enhanced by such detail as colour-keyed Allure carpeting applied to floors, doors and even front and rear floor mats. And, of course, you can surround yourself with sound from your standard AM/FM Stereo Search radio with six-speaker Premium Sound System.

Choose the pleasure of leather...or sumptuous velour. Select either material for your Signature Series interior. Each comes in rich Dark Red. Standard Twin Comfort Lounge seats have six-way/six-way power adjustments as well as driver and passenger recliners. Other fine appointments, like Allure carpeting, dual floor well lamps, door and quarter trim appliques, abound.

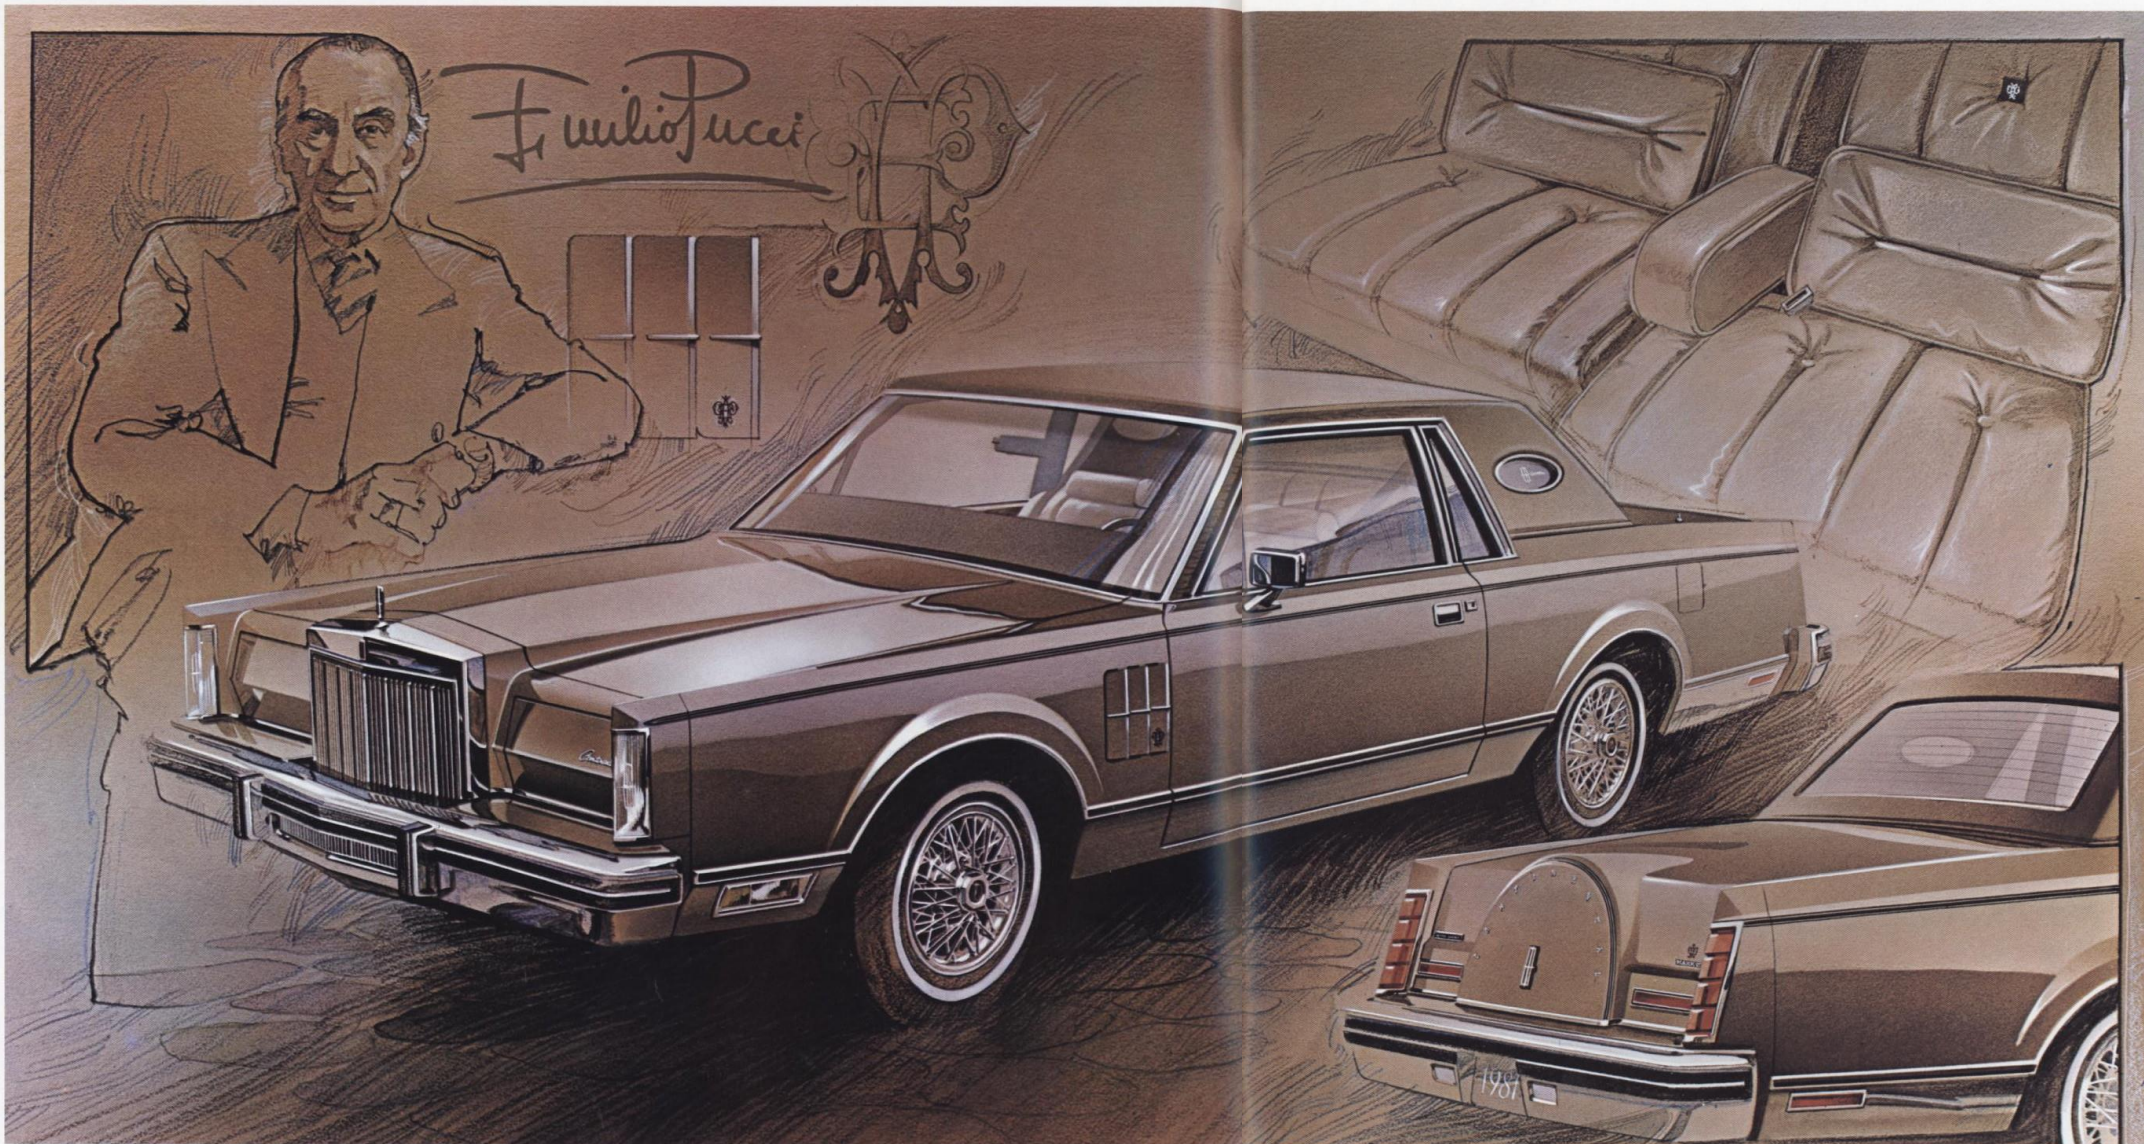

The 1981 Continental Mark VI Signature Series two-door in Silver Metallic with colour-keyed Landau roof.

**The Bill Blass Designer Series
Continental Mark VI.**

The boldness of Dark Blue Metallic over Light Fawn Metallic, and a sporty Dark Blue Cloth Carriage roof - this is the basic design statement of America's Bill Blass. This duet of Blue and Fawn prevails inside, too, in the treatment of the Twin Comfort Lounge seats (available in either leather or cloth). It carries through even to the Tu-Tone leather-wrapped steering wheel.

Other standard features include colour-keyed, lacy spoke cast aluminum wheels, illuminated visor vanity mirrors and your personalized instrument panel nameplate.

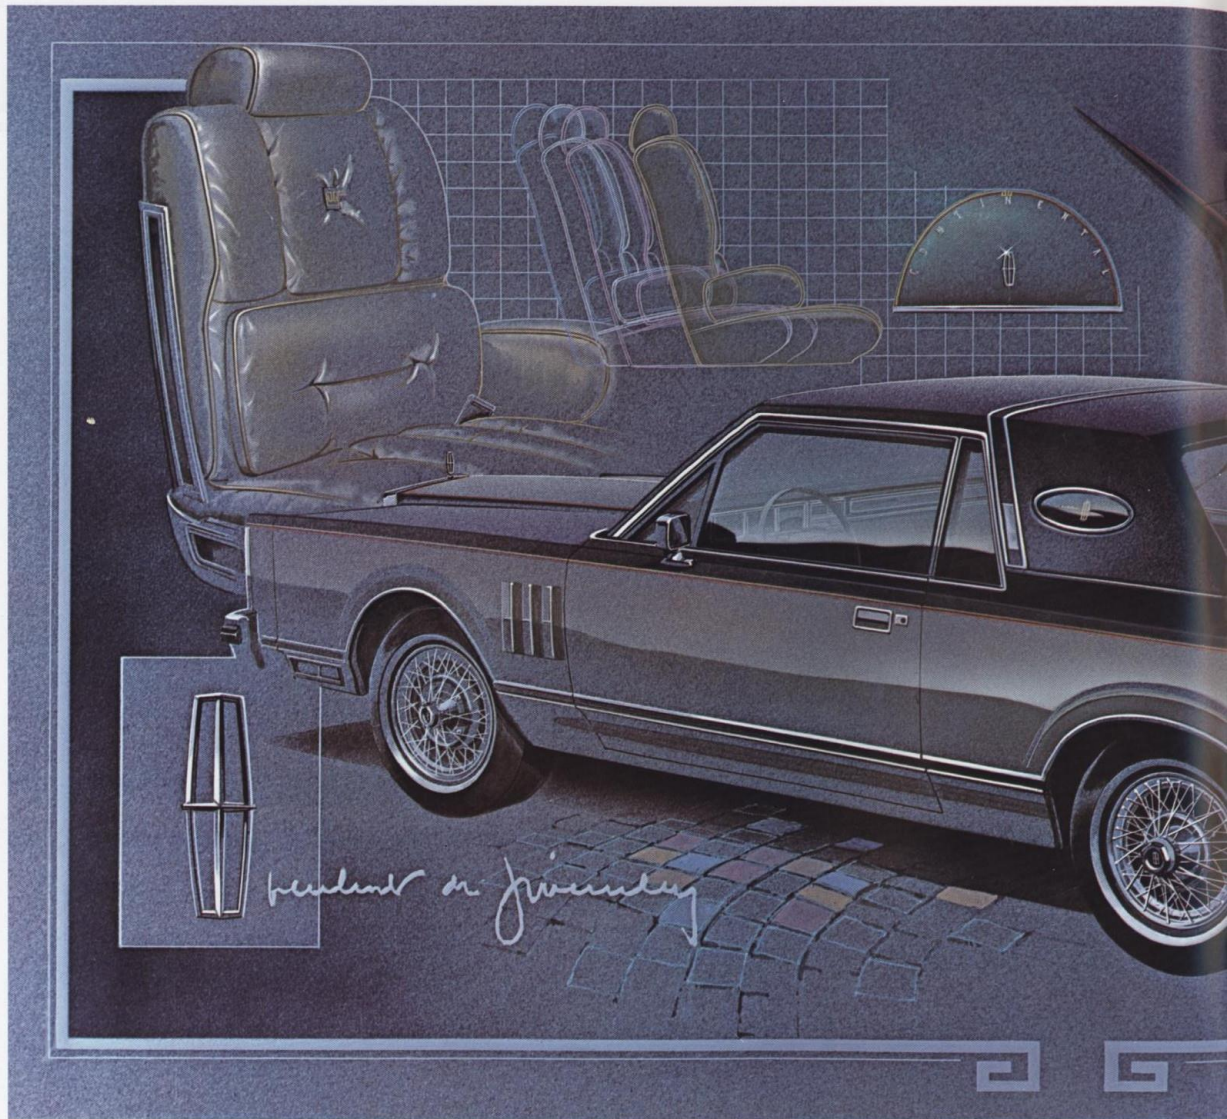

**The Pucci Designer Series
Continental Mark VI.**

Italy's Emilio Pucci brings to his Mark VI the subtlety of Fawn. The exterior is treated in Medium Fawn Metallic with Light Fawn bodyside moulding insert and a full vinyl roof of Fawn.

This motif continues inside with Light Fawn Twin Comfort Lounge seats of soft leather and a Tu-Tone Light and Medium Fawn leather-wrapped steering wheel.

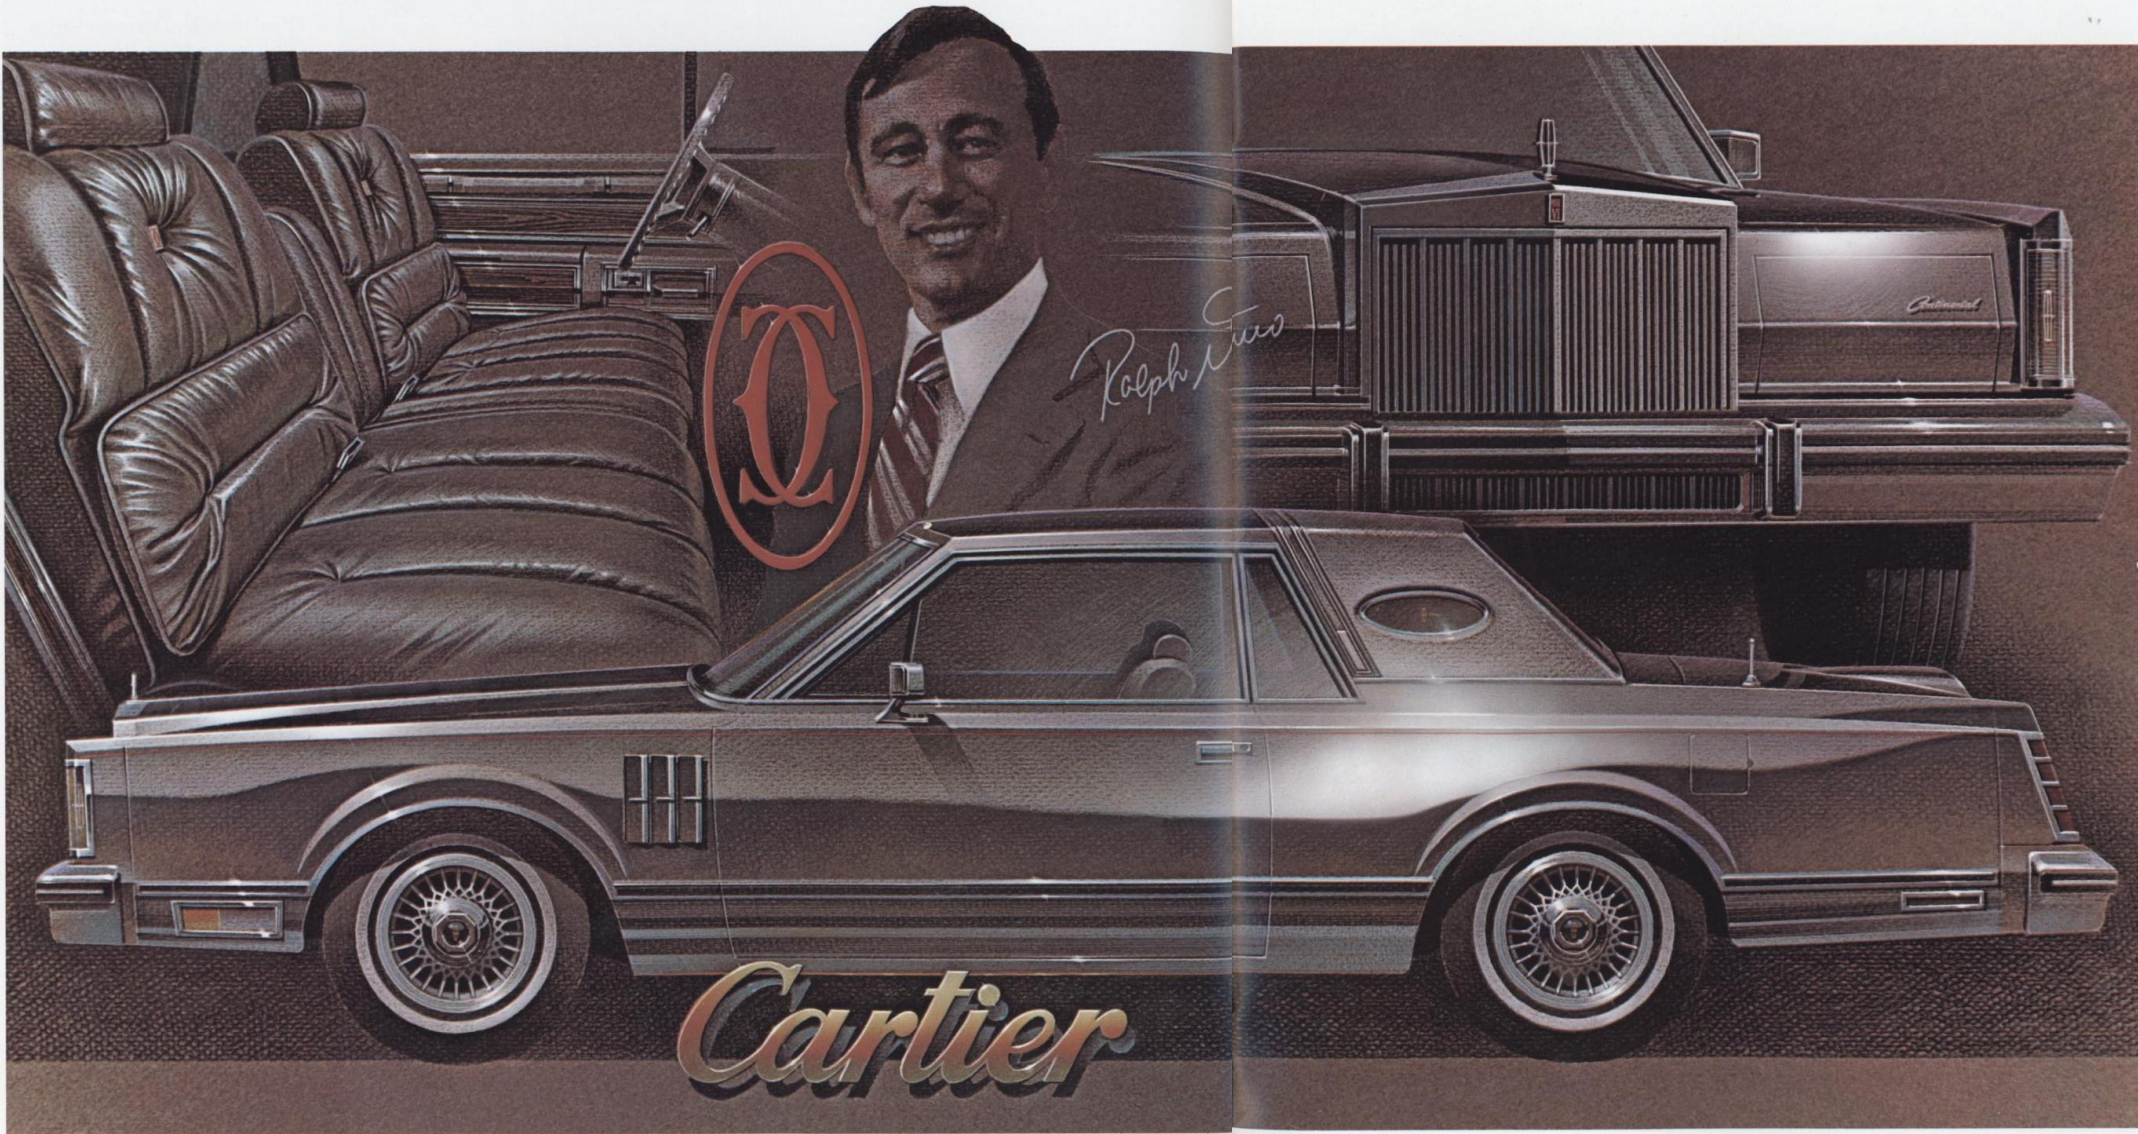

Pucci has successfully created a feeling of great gentility in his Mark VI.

**The Givenchy Designer Series
Continental Mark VI.**

French designer Hubert Givenchy brings a mood of elegance to his Mark VI through the use of Black and Dark Pewter Tu-Tone. Above, he chooses a Black Landau vinyl roof and, below, wire spoke aluminum wheels to complete his nocturnal theme.

The interior awaits your selection of either cloth or leather in Pewter with Black bolsters.

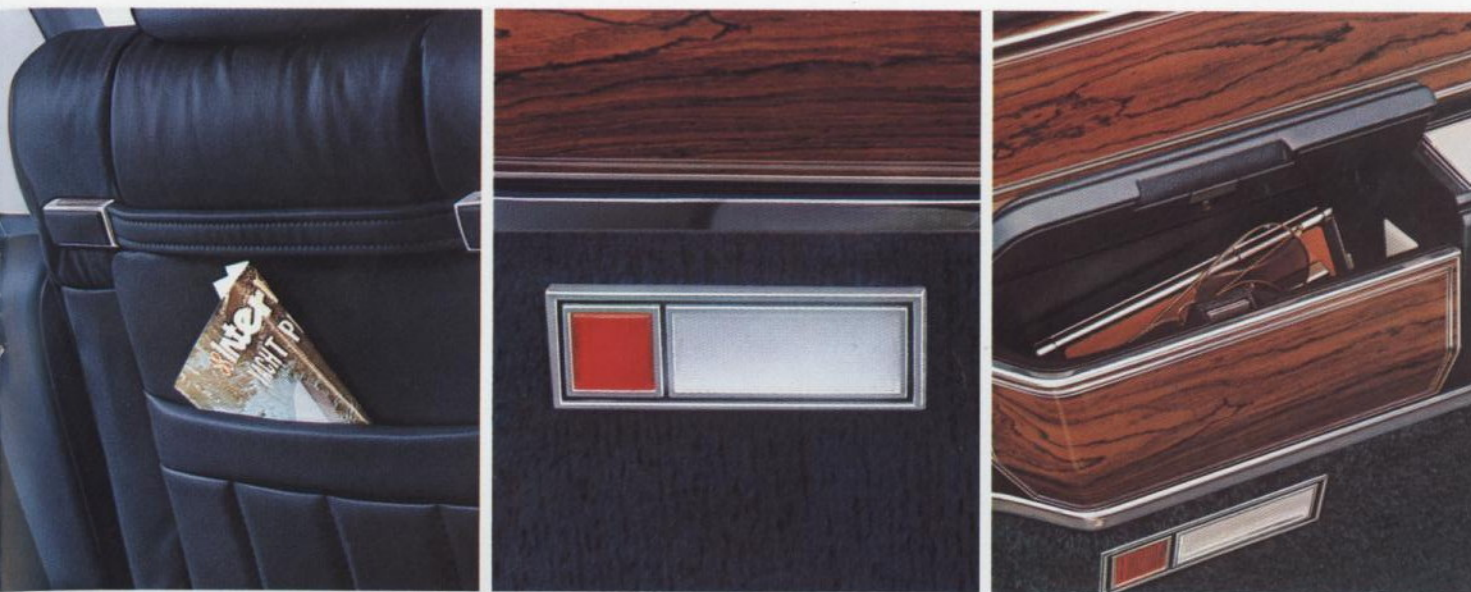

The Cartier Designer Series Continental Mark VI.

The Cartier tradition of crisp elegance is expressed most clearly for 1981. Working only with hues of Pewter Metallic, both inside and out, Ralph Destino has devised a pure, uncluttered Cartier Mark VI.

The Landau vinyl roof is Medium Pewter, while the body is Medium Pewter Metallic. A thin Dark Red accent stripe on the bodyside and decklid serves as simple, but effective, punctuation.

The Luxury Group. How to fashion your own Mark VI.

When you choose the Luxury Group option, exciting possibilities open up to you. You can virtually make your own Mark.

There are eleven Luxury Group colours: Pewter, Dark Red, Midnight Blue, Medium Pine, Nutmeg, Medium Fawn, Light Fawn, Gold, Vacquero, Black, and White.

First, select your Luxury Group colour choice. Then, from the many contrasting and complementary colours offered within that group, select the colour of your exterior paint and bodyside moulding.

Next, choose your roof colour and type: full vinyl or Landau. (The simulated convertible Carriage roof is available on two-door models only.)

Now, move inside. Select the material for your Twin Comfort Lounge seats, either leather or cloth, then the colour. And there you have it, a Mark VI designed by you.

Among the standard features of the Mark VI Luxury Group are: seatback rope cords and map pockets, dual floor well lamps, lighted stowage bins in front door armrests, six-way/six-way power Twin Comfort Lounge seats in leather (or luxury cloth) 18-ounce cut-pile carpeting on doors and quarter trim panels, and needed luggage compartment carpeting.

Continental Mark VI Luxury Group four-door in Diamond Blue Metallic with Diamond Blue Landau roof.

Continental Mark VI Luxury Group two-door in White with Midnight Blue Carriage roof.

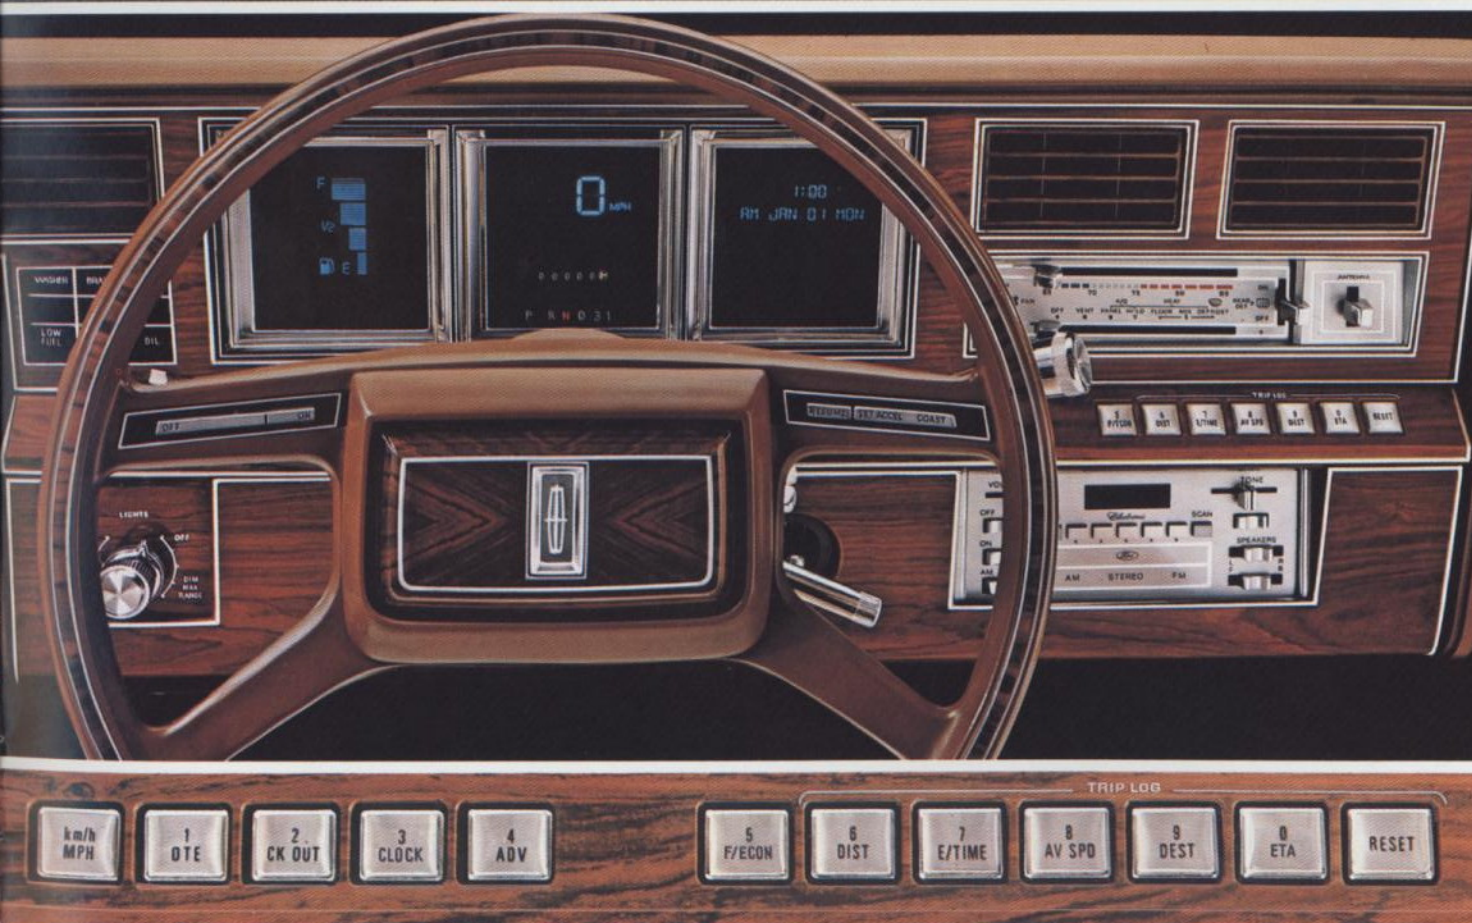

**Continental Mark VI.
It includes as standard all the
luxury you may need.**

So much is standard on Continental Mark VI for 1981. Certainly there are the expected features like power windows, power door locks, Electronic AM/FM Stereo Search radio with four speakers, automatic temperature control air conditioners, speed control, tilt steering wheel, white sidewall Michelin steel-belted radial-ply tires and full vinyl roof.

Then, there are the unexpected standard features like an Electronic Instrument Panel with Message Centre. You can request up to twenty items of information with the touch of a button. Your answer appears instantly on the Message Centre.

Continental Mark VI two-door with full vinyl roof.

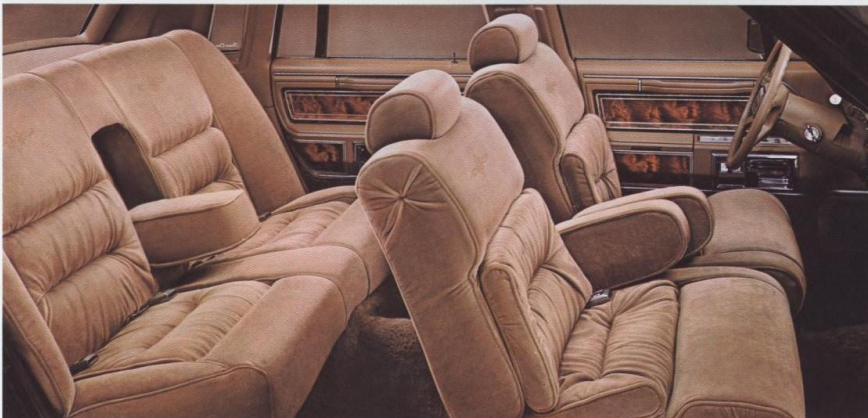

Lincoln Town Car Signature Series four-door... everything a Lincoln can be.

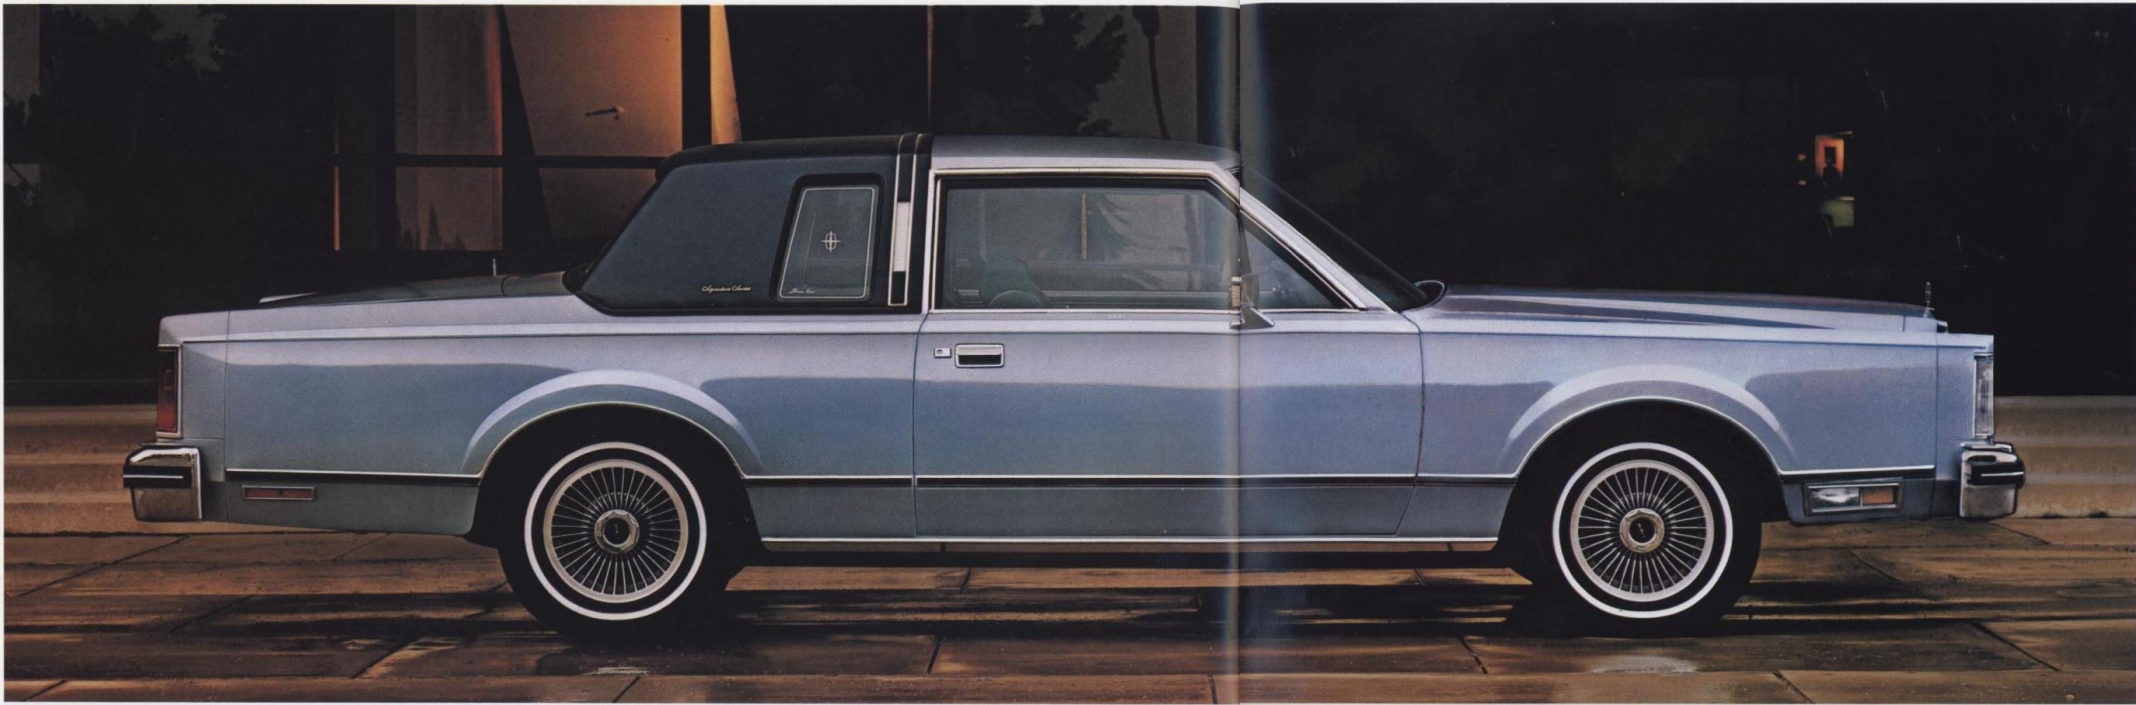

For 1981, Lincoln introduces the Signature Series... the highest form of Lincoln expression. As befits its name, the Signature Series offers a great number of personalized features as standard equipment. The Coach Roof, Coach Lamps, and six-way/six-way power Twin Comfort Lounge seats are just a few. (You'll find a complete listing of standard features on page 27.)

An adventure in inner space.

Here, within the Lincoln Town Car Signature Series four-door, is spaciousness made intimate with personal touches like six-way/six-way power Twin Comfort Lounge front seats with dual fold-down centre armrests and manual passenger seat recliner, cloth seat and head restraint upholstery (or optional leather, if you prefer), power windows (including vent window), automatic temperature control air conditioning, AM/FM Stereo Search radio, dual floor well lights, lighted storage bins, map pockets, and seatback rope cords. Here is truly a world of comfort.

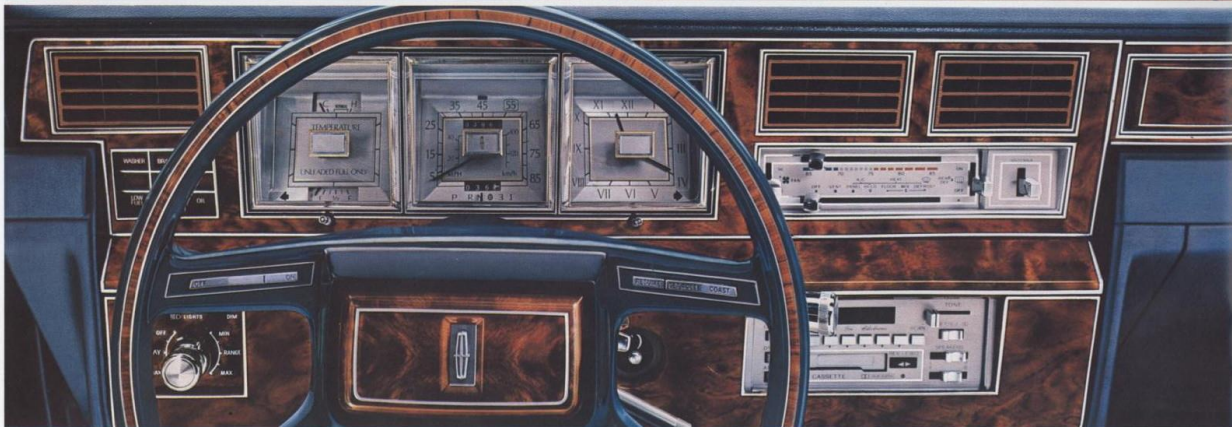

Lincoln Town Car Signature Series four-door with standard vinyl Coach roof.

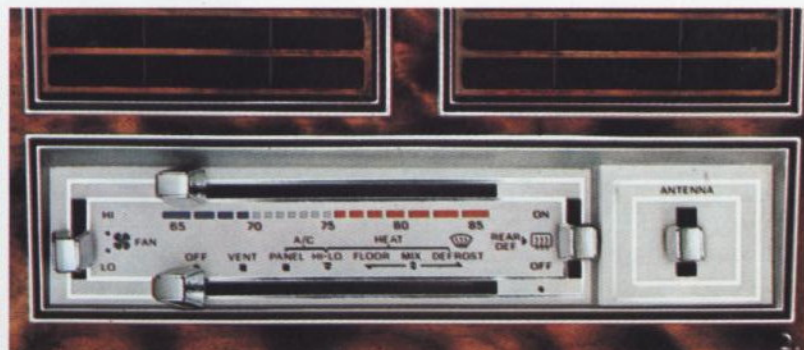

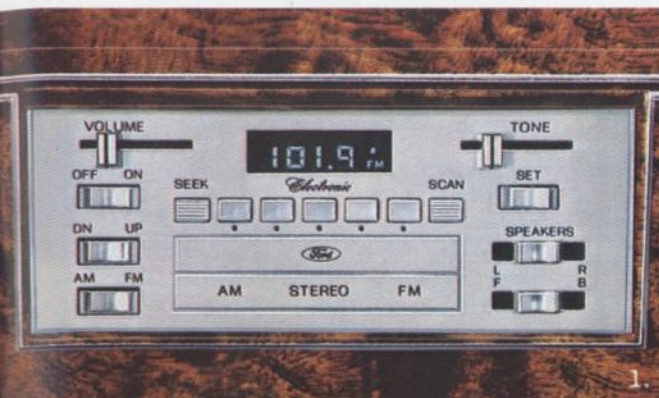

Lincoln Signature Series two-door...luxury on a more personal basis.

What better way to experience the superb Lincoln ride than in the private world of the two-door Signature Series. It offers a context of quiet and intimacy for thorough enjoyment of its rich ride and handling. At the wheel, you command an automobile with a heritage of outstanding driver comfort. The Lincoln Signature Series two-door features a standard Coach roof.

Lincoln Town Car Signature Series two-door with standard Coach roof.

**The Lincoln Town Cars,
two-door and four-door...
The Lincoln tradition in two
contemporary editions.**

The new Lincoln Town Cars for 1981 offer a generous collection of standard features. (A complete listing can be found on page 27.) Here is a sampling:

1. Electronic AM/FM Stereo Search radio with four speakers; power antenna, too.
2. Automatic temperature control air conditioning system with new "mix" mode that allows heated air to be directed to the passengers, to the windshield, or mixed evenly between the two.
3. Power vent window and heated remote-control left-side rearview mirror.
4. Deep well luggage compartment with 634 litres of space.
5. Twin Comfort Lounge seats with six-way driver-side power adjustment (shown here with optional leather material).

The Ford Extended Service Plan

When you're choosing options for your Continental Mark VI and Lincoln Continental consider the merits of ordering the Ford Extended Service Plan. Your dealer has full details. It provides extended repair cost protection, as specified, for parts and labour, for repairs to major components of the mechanical and electrical systems. The plan is offered by Ford Motor Company of Canada, Limited, and is honoured by participating Ford and Mercury dealers throughout Canada and the United States.

Quality
Replacement
Parts from
Ford

Continental Mark VI and Lincoln Continental come equipped with factory engineered and approved parts, including a dependable Motorcraft battery, Motorcraft spark plugs, Motorcraft shock absorbers, ignition parts and Long Life oil filter. For continued performance be sure to specify genuine Motorcraft parts whenever replacement is necessary.

This brochure has been prepared only as a general guide to the customer and every effort has been made to ensure that all information is correct at the time of printing. However, some errors may have been included and some of the information or specifications may have been changed since the time of printing. Your dealer will have full details of any changes and/or corrections and you should ask him to bring you up to date at the time of your purchase. Ford Motor Company of Canada, Limited reserves the right to change prices, colours, materials, specifications and models and to discontinue models without notice and without incurring obligations of any kind. Some features described or shown may be optional at extra cost. Some options are required in combination with other options.

Corrosion Protection

All Continental Mark VI and Lincoln Continental cars are protected with the DURAGUARD System, which includes 7 processes built in at the factory as standard equipment, to provide corrosion protection as follows:

- precoated steel on doors, quarter panels and other selected areas;
- galvanized steel on rocker panels, selected cowl tops and underbody parts;
- vinyl sealer on the underside of rear wheelhouses;
- phosphate coating on the entire car body after a super cleaning process;
- electrocoat process to apply corrosion resistant primer paint, also on the entire body;
- aluminized wax sprayed into hard-to-reach lower body areas, the inside surfaces of doors and quarter panels;
- protective vinyl coating on the lower bodyside for resistance to stone chipping and road abrasion.

The **DURAGUARD System** is backed by a no-extra charge 36-month unlimited distance manufacturer's warranty against corrosion perforation. This warranty, transferable to succeeding owners during this warranty period, covers the cost of both labour and materials for repair of perforation of parts caused by corrosion. Exhaust system components are excluded. The basic 12-month/20,000 kilometre warranty covers corrosion, other than perforations, that are due to defective factory materials or workmanship. Ask your dealer for details.
